## SCORE MOUNTAIN ROAD CONSTRUCTION; BUILD NEW HIGHWAY

DIRECTOR BLAMED FOR CHAOTIC CONDITIONS -- Sofia, Rabotnichesko Delo, 30 Oct 50

The surfacing work on the Vizitsa - Lenshta mountain road in Malko Turnovo Okoliya is being carried out under very chaotic conditions. The workers have to fetch the materials, which are not prepared along the road; gravel and stones are put in disorderly heaps. Peyu B. Peev, director of the Gorstroy state mountain construction enterprise in Burgas, who is supervising the work, is very careless in performing his duties. The memorandums of the Central Committee of the Bulgarian Communist Party requesting him to speed completion of the work have not received any attention from Peev, who is spending his time drinking in taverns.

Before starting rolling operations, Tsenkov, the technical supervisor, engaged wagoners to cart wood at 860 leva per cubic meter; 250 cubic meters are needed to complete the road. Director Peev commissioned Tsenkov to get wood from the Toplivo Enterprise, where it was destined to supply the fuel needs of Burgas residents. The wood was purchased at the high price of 1,000 to 1,500 leva per cubic meter, plus transportation cost.
